

Lubrizon HSA card holders may pay their providers through OptumBank’s web portal. This process is different from how providers were paid through myuhc.com. You may log into OptumBank’s website directly or via single sign by way of Included Health. You may also pay your provider directly or through the OptumBank app.

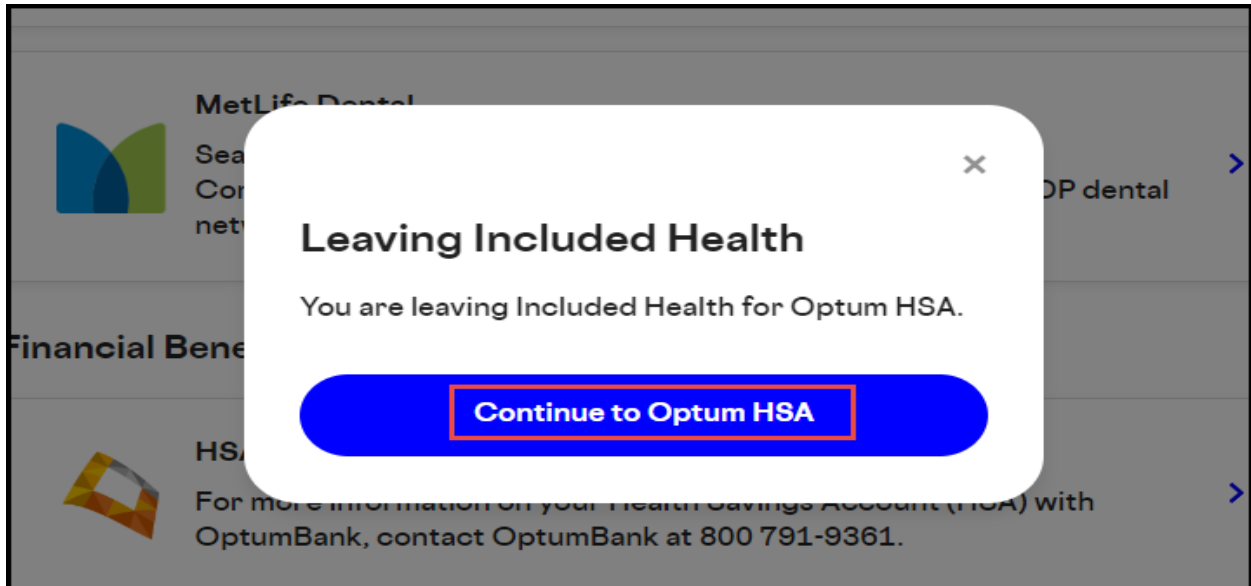

To access your HSA online at OptumBank through Included Health single sign on, go to go.lubrizon.com/includedhealth and select “Discover all your benefits”

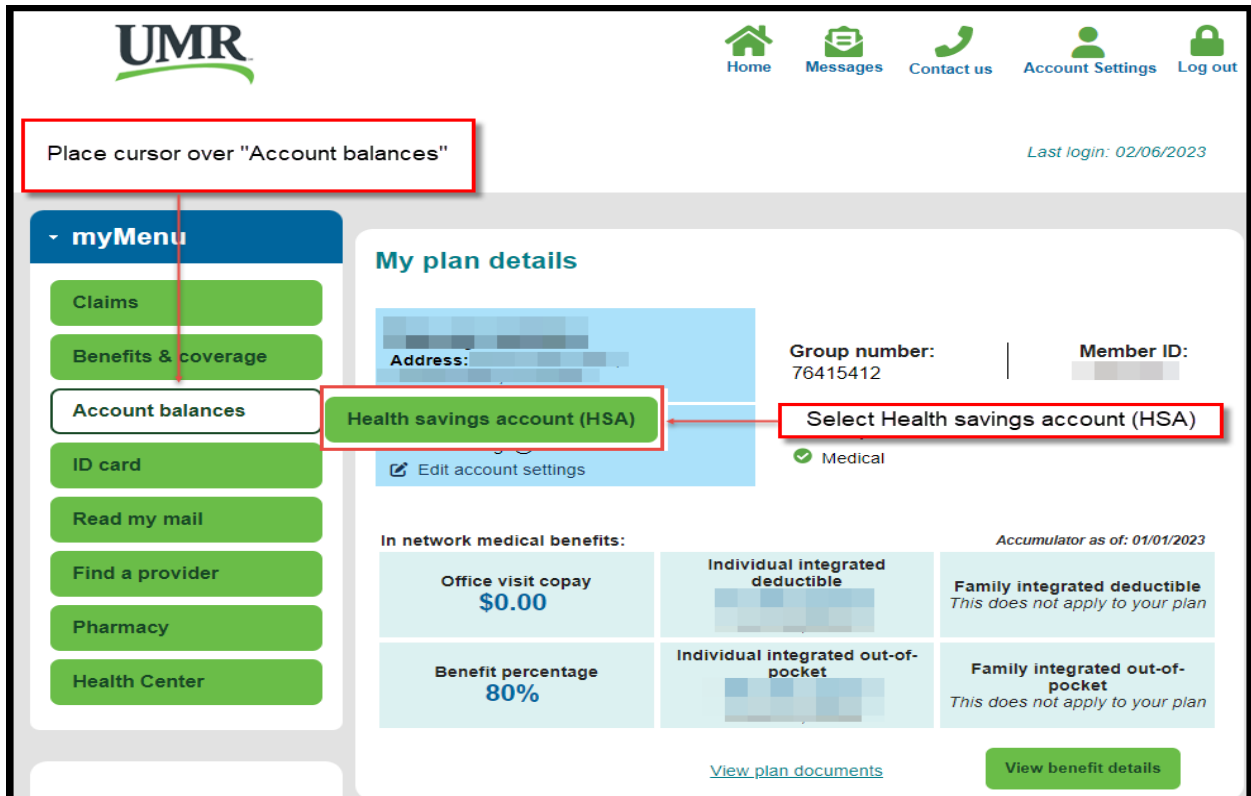

Scroll down and select “Financial Benefits”

From this step you will navigate away from Included Health to UMR and OptumBank by selecting "Continue to Optum HSA"

Place your cursor over "Account balances" and you will see an option to select "Health savings account (HSA)" Click on "Health savings account (HSA)"

From here you can access your account online at OptumBank by selecting “Visit OptumBank”

Thank you for submitting your payment!

Your payment request has been received and will be processed. Your confirmation number is 1072123457AE. If your account does not have sufficient funds, the system will automatically attempt payment again each business day until funds are available or 10 attempts have been made. If you are tracking expenses an entry will be added to the expense journal for this payment. Payments typically arrive within 7-10 business days.
